The screenshot shows the XTools Pro software interface. On the left, a data table lists records with columns: cian, Funding, Owner, Section, done_by, and Thin. The 'Table Operations' menu is open, showing options like 'Calculate Area, Perimeter, Length, Acres and Hectares', 'Add X,Y,Z Coordinates', 'Aggregate Features/Records', 'Table Restructure', 'Export Data to MS Excel', 'Export Table to Text', 'MultiDelete Fields', 'Table Statistics', 'Sort Features/Records', and 'Find Duplicates'. The background shows a map with a red boundary and a green hatched area.
